What made the men of Phi Kappa Theta run out on the social event of the season?

The KZ400s.

Some say it was the devil's work.
Others say it was a sorority pay-off.
All anybody knew for sure was that when John Barkworth and George "The Gorge" Pinard skipped on the annual toga party, they took over half the buffet and certain valuable manuscripts with them. And they left on the KZ400 and KZ400 LTD.

They're two bikes out for a good time, whether it's highway riding or campus crusin'. You can bet your toga on that. The six-speed gearbox gets you a lot of go from a strong 398cc 4-stroke single overhead cam engine.

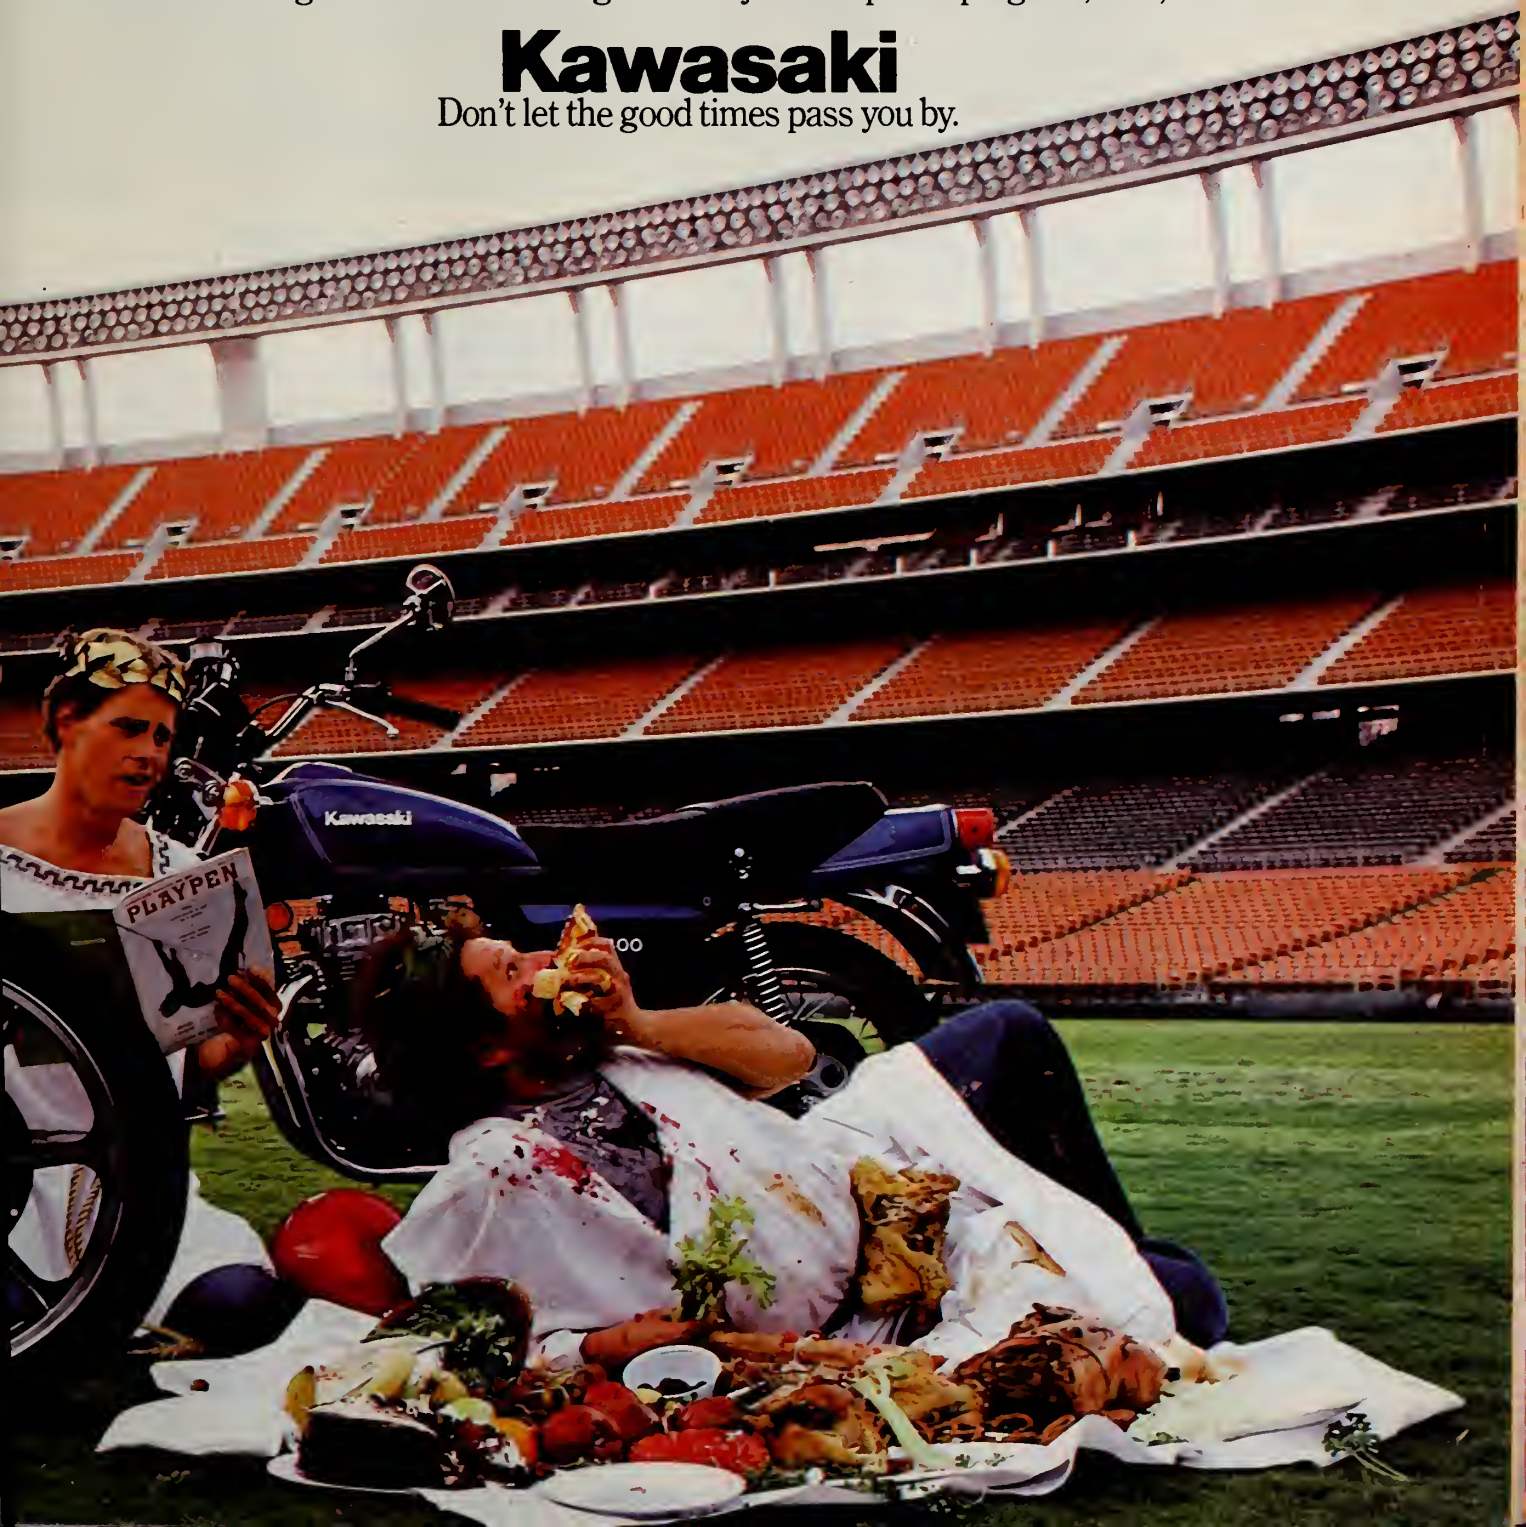
Stop at a light and the automatic neutral-finder finds neutral on the first try. And the steering lock is built right into the ignition switch. So wise guys on Greek Row don't ride off on your good time motorcycle.

The Gorge liked to get down to basics. Food and your basic KZ400. Barkworth was more the BMOC type (Big Man On Campus). So the KZ400 LTD was more his type.

The KZ400 LTD. Billy goat bars (almost), fat rear tire, aluminum alloy wheels with a disc up front. Big step seat and a sinister black paint job with pinstriping. Oh, et tu, Brute?

Kawasaki

Don't let the good times pass you by.



THE HOTTEST THREE-WAY ON THE FREEWAY.

That's right. Our TS-695's are the very best 3-way car speakers you can buy.

Better than anyone else's. Including the other leading brand's.

Here's why: Theirs has a bridge plate across the top to hold the midrange and tweeter in place, blocking some of the woofer's sound.

We took the bridge out. So our bass comes through loud and clear.

Their woofer magnet is two 10 oz. magnets glued together. While ours is a solid 20 oz. ferrite magnet. So there's smaller flux leakage and less loss of energy.

Our 3.5 oz. midrange magnet is more than twice as heavy as theirs and drives a free edge cone. (Theirs has a fixed edge cone.) So the music comes through with each instrument clearly defined.

Our tweeter has a cone speaker with an alnico magnet dynamic tweeter. Theirs has no magnet at all. Can you guess which one has less distortion in the high end?

There's more.

Ours can handle 40 watts. Theirs, only 30. Ours is twice as sensitive and operates at 4 ohms instead of 8. So you get twice the volume at the same power.

We think the TS-695's are pretty hot stuff.

But if you still aren't sure about which three-ways to buy, take your ears into your stereo store. And let them decide.

ADMISSION PROCEDURES

New students planning to enroll for any credit course or on an audit basis must be formally admitted to the University. Admission to the University must be fully cleared before any registration is authorized. Any student who meets admission or readmission requirements after August 1, 1979, cannot be assured of registration before the first day of classes. Any non-Tennessean who resides more than 150 miles from the University must file an application for admission or readmission prior to August 1, 1979. Anyone failing to do so cannot be assured of being considered for admission.

New Applicants

Applications for admission, detailed instructions concerning admission procedures, and regulations for all student levels may be obtained in the Admissions Office, Room 215, Administration Building. After 4:30 p.m. and on Saturday mornings, these may be obtained in Room 165, Administration Building, or by telephoning 454-2398.

Former Students

A former student is defined as a student who (1) has previously been enrolled at Memphis State but (2) was not enrolled during the previous semester. Undergraduate or graduate former students desiring to be readmitted may obtain an application for readmission from the Office, Room 163, Administration Building. Former undergraduate students entering Graduate School are not "former students" for readmission purposes. They are new graduate students who must be properly admitted to graduate school as new students.

Graduate students who have not attended Memphis State in the past 5 years or longer must apply for readmission at least 3 days prior to Graduate Registration in order to complete registration on time.

Transferring Credit to MSU

In order for completed additional course work to be transferred from another university and recorded on the student's permanent record, the student must request that an evaluation of the additional course work be completed by the Transfer Affairs section of the Admissions Office. After the student has been admitted as a regular undergraduate, whether he is a beginning freshman or a transfer student, it is recommended that he consult with his adviser or the Transfer Affairs section of the Admissions Office if he anticipates enrolling at another college or university for the purpose of transferring credit to Memphis State University.

Residency Classification

All determinations concerning classification of in-state and out-of-state students for fee-paying and other purposes are made in the Office of Admissions. The determinations are based on the regulations and guidelines of the State Board of Regents. Copies of the guidelines and regulations used in the classification of students for fee-paying purposes are available in the office of the Admissions Adviser for Residency.

Persons Over 60 Years of Age and Totally Disabled Persons

Persons suffering from a permanent disability which totally incapacitates such person from working at an occupation which brings him an income, and persons sixty (60) years of age or older, who are domiciled in Tennessee, may AUDIT courses at Memphis State without paying tuition charges, maintenance fees, student activity fees, or registration fees. Admission to AUDIT will be limited on an individual classroom basis according to space availability.

Any person who is totally disabled, and persons sixty-five (65) years of age or older, who are domiciled in Tennessee, may enroll for courses for credit at the cost of $9 per semester hour, not to exceed $75 per semester. The University Health Services shall examine certification of permanent disability (not the applicant) and determine the eligibility of the applicant under this legislation.

Inquiries concerning these programs may be addressed to the Records Office, Administration Building, Room 115, or telephone 454-2671.

REGISTRATION PROCEDURES

(1) CONSULTING WITH ACADEMIC ADVISOR

Current Students

Current students should consult with their academic advisor during the term preceding their next semester registration and receive the proper "Student Schedule" form. It is the responsibility of the student to arrange to see his advisor prior to the semester registration period.

Undergraduate students enrolled in Saturday and evening courses only may consult an academic advisor or secure their student schedule form in Room 165, Administration Building, 12:00 Noon - 8:00 p.m., Monday through Thursday, and 8:00 a.m. - 12:00 Noon, Saturday. During the registration period, hours will be the same as Packet Center hours.

New and Readmitted Students (Undergraduate)

Freshmen and transfer students registering for the first time should attend a new student orientation session at which information concerning the registration and advising process will be given. (See Registration calendar for date and time.) All new freshmen students and transfer students without an academic major will be assigned to the Academic Counseling Unit, located in Scates Hall, and should go to the unit immediately after admission to the University to request the assignment of an advisor. This should be done prior to the new student orientation session. Students who have not seen an advisor will be assigned one during the orientation session.

Students who have been readmitted and have selected a major should contact the department of their major for the assignment of an advisor. Readmitted students without a declared major should go to the Academic Counseling Unit. This should be done in advance of the first day of registration.

New and Readmitted Students (Graduate)

New Graduate School students are directed to an advisor following their admission. Students who are classified as Graduate Special or Graduate Provisional, should go to the Graduate School Office, Room AD 315, for an advisor. An orientation session for new graduate students is held on the morning of graduate registration.

Readmitted graduate students having a major should contact the department of their major for the assignment of an advisor. Readmitted graduate students not having a major should contact the Graduate School Office for an advisor.

New and Readmitted Students (Evening)

New and readmitted evening students should secure required information about registration and advising in the Evening Academic Service Office, Room AD 165, telephone 454-2398. Graduate students attending in the evening should follow the procedures outlined under "New and Readmitted Students (Graduate)" above.

Unclassified, Special Undergraduate, and Audit Students

Undergraduate students who are unclassified, special undergraduate, or audit go to the Academic Counseling Unit, Scates Hall. Evening students in these categories go to the Evening Academic Services Office, Room 165, Administration Building for advising assistance.

(2) OBTAINING REGISTRATION MATERIALS

The registration packet consists of four basic materials: (1) "Student Information Form," (2) "Registration Appointment Card," (3) "Registration Receipt," and (4) a permanent ID card.

Current Students

Registration materials are mailed to the permanent address of all students currently enrolled, with the exception of those students having outstanding financial obligations at the time registration materials are prepared, those suspended for academic reasons, those who are on academic probation, and those who have holds placed on their packets by a University office. When a hold is released, the student is given a release card which tells where and when to secure his packet.

New and Readmitted Students

New and readmitted students who have cleared all admission requirements at the time registration materials are prepared, receive their materials by mail. Students not clearing in time to receive their materials by mail are given a chance to obtain materials before the actual day of registration and receive instructions on how to accomplish this.

(3) SECURING CLASS CARDS

Students having their "Student Schedule," permanent ID card, and registration materials, are prepared to enter the Registration Center to obtain class cards and to pay fees.

Registration appointment times — Enter the Registration Center on the date and time printed in the upper right hand corner of the "Registration Appointment Card." Registration priority is based on cumulative hours earned. The student may enter at any later day time after his day appointment time or at any later night time after his night appointment time.

REGISTRATION PRIORITY

Since all students cannot register at the same time, it is necessary to establish priorities in the assignment of registration times. Registration priority and the registration appointment times appearing on registration materials are based on the number of cumulative hours earned.

Registration materials must be prepared before the end of the term that immediately precedes registration. Appointment times do not reflect hours earned during the current term. For example, registration times for the spring semester are not affected by hours earned during the fall semester.

Registration priority and associated registration appointment times cannot be based on the need to work because such a large number of students do work. No practical or equitable way exists to administer a priority system on the criterion of a student having to work.

Unclassified students will be awarded registration appointment times on the basis of hours earned at Memphis State University only.

Seniors not holding an undergraduate degree who are taking degree credit courses have priority over special undergraduate students (those who hold degrees) when enrolling for undergraduate credit courses.

Special Courses

Credit/No-Credit Courses — Certain students, **with permission from the dean of their college,** may elect to take some courses on a credit-no-credit basis. Details are found in the undergraduate *Bulletin.*

Procedures for registering are as follows: (1) Obtain permit form from academic advisor, complete information on the form, and secure advisor's signature; (2) Get permission of the dean of their college; (3) Go to the office of the chairman of the department in which the course is taught and secure his approval; (4) Obtain "Class Card Request" form; (5) Take completed permit form and "Class Card Request" to the Registration Center at the appointed registration time.

Audit Courses — The student must: (1) Obtain academic advisor's approval; (2) Go to the department in which the course is taught and pick up the "Class Card Request" form; (3) Take the "Class Card Request" to the Registration Center at the appointed registration time. Fees for audit courses are the same as for credit courses. Further details on audit courses are found in the undergraduate *Bulletin.*

Late Registration

Students registering during the day at the Late Registration Center must go to departments to obtain class cards. Cards are at the Center during evening late registration hours.

ID CARD

ALL STUDENTS MUST OBTAIN A PERMANENT MEMPHIS STATE UNIVERSITY ID CARD BEFORE THEY WILL BE ALLOWED TO REGISTER. THIS INCLUDES PART-TIME STUDENTS, EVENING STUDENTS, UNCLASSIFIED STUDENTS, ETC.

The University issues to each student an identification card which bears his photograph, social security number, and certification that he is enrolled as a student in the University. New students will be given information concerning ID cards in their information sessions. The card is required for registration, the borrowing of library books, and other purposes. The card remains the property of the University and will be surrendered upon the request of a University official.

A current student who has lost his or her card may obtain a replacement from the Dean of Students Office, Room 208 Scates Hall. A student will be charged $10.00 to replace a card that has been damaged, stolen, or lost. A charge of $2.00 will be made to make any change in data on a card. Students unable to obtain an ID card at an off-campus or special registration must go to the Records Office to have one made.

Part-time students who are enrolled for at least six semester hours of credit courses will be given full-time I.D. card validation. ID card validation of full-time is for student activity purposes and does not necessarily constitute a full-time academic load.

For information concerning the number of hours required for a full-time academic load, consult the Memphis State University Bulletin.

A credit hour load equal to one-half of that for the minimum full-time credit hour load qualifies as half-time academic load.

COURSE NUMBER SYSTEM

Courses are numbered according to the following system:

1000-1999	Courses primarily for freshmen
2000-2999	Courses primarily for sophomores
3000-3999	Courses primarily for juniors
4000-4999	Courses primarily for seniors
5000-5999	Courses offered in the Graduate School open to seniors within 36 semester hours of graduation
6000-9000	Courses open ONLY to those students fully admitted to the Graduate School

Handicapped Student Registration

A preferred registration procedure is provided for some disabled students to allow them reasonable opportunity to schedule around special disability-related needs and to eliminate the architectural inaccessibility of the regular registration process. Those eligible for this service include students with mobility impairments, their personal care attendants and others who need special scheduling to accommodate medical or educational needs arising from a disability.

Handicapped Student Registration is begun prior to regular registration. Students using this procedure should see their advisor, complete the "Student Schedule" form in full and take it

to the Coordinator of Handicapped Student Services well in advance of the beginning of regular registration. A duplicate of the schedule will be made, and the class cards will be pulled for the students prior to regular registration. Each student's class cards will be placed in an envelope marked with his name. These envelopes will be held in the late registration center.

The student may pick up the reserved class cards and complete the remaining registration procedures anytime during Late Registration in the University Center. Students who have cards reserved in this manner will not be charged a late registration fee.

For further information and specific details please contact Coordinator of Handicapped Student Services, Room 111, Education Annex or call 454-2731.

(4) PAYING FEES

Students should not enter the Registration Center unless they are prepared to pay fees. Registration is not completed until fees are paid. Students receiving VA assistance are expected to pay fees in full. Students holding scholarships, student aid, or billing authorizations for this term should stop at the "Scholarship and Authorized Billings" station in the Fee Payment Center. Students will not have their names placed on the class rolls until after all fees are paid.

Returned Checks

It is expected that a check given the University, for any reason, will clear the bank on which it is drawn. If a check given in payment of registration fees is returned, the fee is assumed to be unpaid and charges for late registration will be assessed. A $5.00 service charge will be assessed for each returned check whether given in payment of any fee or cashed by the University for the convenience of the student. Check cashing privileges will be revoked for any student who has had checks returned by his bank more than once within a twelve-month period.

FEES AND DEPOSITS

Application Fee
Each student submitting an application for admission to the University must pay, at the time he submits his first application, a one-time non-refundable fee of $5.00.

Maintenance Fee
All students, whether resident or non-resident, pay a maintenance fee. Students paying the fee for six or more hours are entitled to admission to home athletic events and certain health services, concerts, plays, social and other student-sponsored activities, and a subscription to the student newspaper, *The Helmsman*.

Summary of Course Fees
These fees are tentative and are subject to the approval of the State Board of Regents.

Undergraduate Full-Time	$239
Undergraduate Per Hour	22
Graduate Full-Time	260
Graduate Per Hour	25
*Out-of-State Full-Time	501
*Out-of-State Per Hour	42

**These fees are in addition to the full-time and hourly fees listed above.*

Fees for audits will be assessed on the same basis as fees for credit courses. Courses offered between terms, for concentrated periods during a term, or at specific locations, may be subject to fees on a per-hour basis only.

All students enrolled for one credit hour or more will pay a **$1.00 Student Activity Fee.** The amount is $1.00 regardless of the total number of hours for which the student is enrolled.

Tuition
Students classified as non-residents are charged an additional $42.00 per semester hour. (Note that tuition is in addition to the maintenance fee. See Summary of Course Fees above.)

The Office of Admissions and Records is charged with the responsibility of assigning a residency classification to each student using regulations provided by the Board of Regents. The student may appeal the decision to the Committee on Residency. Residency regulations of the Board of Regents and information on appeals procedures are available in the Office of Admissions and Records.

University College Fees
In addition to their $5.00 application fee, students who apply to the University College must pay a screening fee of $15.00, which is non-refundable. If accepted into the University College, the student must pay a non-refundable contract-advising fee of $25.00.

Students who apply for credit for experiential learning will pay $15.00 per credit hour granted after evaluation of their learning and assignment of credit. For those students who are enrolled under a group contract, no more than a maximum fee of $90.00 will be assessed for credits assigned under the terms of the group contract.

Courses in Applied Music
The fee of applied music shall be $25.00 per semester for each one-half hour lesson.

Music Locker Deposit
Music students are required to have a locker for storage of University-owned musical instruments or equipment. Personal instruments may also be stored in lockers. A deposit of $3.00 for one semester or $4.00 for two semesters is required on each locker issued. This deposit, less a service charge of $1.50 per semester, will be refunded upon return of the lock. Students will be expected to pay for any damages.

Automobile Registration
Each person who expects to operate and park any motor vehicle on the campus must pay $5.00 for an official permit, valid from September through August, and register the vehicle in the Security Office (Room 151, Administration Building). A reduced fee of $4.00 is charged for vehicle registrations after January 1, and $2.00 after May 1. Proof of ownership must be presented when registering the vehicle. Residence hall occupants should ask for a special resident decal when registering their automobiles.

Air Force ROTC Deposit
A uniform deposit of $10.00 and a $5.00 activity fee are required of each student who enrolls in the Air Force ROTC program. The uniform deposit, less charges for uniform loss or damage, will be refunded at the end of the academic year or at the beginning of a semester in which the student is not enrolled in the ROTC program.

Laboratory Deposits
Certain courses in chemistry require breakage deposits from $10.00 to $20.00 per semester, depending upon the course. Any unused portion of these deposits will be refunded.

Physical Education Locker and Towel Fee
Students enrolled in physical education courses must pay a fee of $3.50 for the locker and towel issued them. Students must provide their own lock.

Late Registration

Students who do not complete registration (including the payment of fees) during the official registration period will be charged $10.00 for any late registration following the official registration period.

Adding and Dropping Courses

A fee of $5.00 will be charged for each change of course form processed, regardless of the number of course or section changes included on the form.

Transcripts

There is no fee for transcripts. However, the student will be charged $1.00 for each official transcript over the maximum of five (5) per request. Transcripts are issued only at the request of the student in person or by letter. No transcript will be provided for a student who has any unfulfilled obligation of the University.

Diploma Fee

Each candidate for a degree from Memphis State University pays a $20.00 fee to cover cost of the diploma, rental of cap and gown, and incidentals connected with the commencement exercises. This fee must be paid thirty days before graduation.

The listing of these fees in this publication does not constitute a contract between the University and the student. As a condition of registration, each student will pay the fees in effect at the time he or she registers. Fees are subject to change without notice. Persons over 60 years of age and totally disabled persons should refer to the sections of this publication covering their registrations.

REFUND OF FEES

Fall and Spring Semesters: If a student withdraws from the University within fourteen days from the beginning of classes for the fall and spring terms, a refund will be made of 75% of his maintenance fee, out-of-state tuition, and music fee (if any), and 100% of the Student Activity Fee. The same refund schedule applies to students who drop to an hourly load below full-time. The applicable percentage then applies to the difference between the new fees calculated on an hourly basis and actual fees paid. A 100% refund will be made for courses cancelled by the University. All other fees are non-refundable.

The University refund policy is based entirely upon the official date of the withdrawal or change of course which would result in a refund. Refunds beyond the specified date cannot be made for reasons such as employment conflicts, health or medical problems, or moving out of town.

Appeal Procedures for Fees and Refunds

A student may appeal the assessment, application, calculation or interpretation of any University fee, charge, deposit, or refund, or any University action connected with fees and charges. Questions should generally be discussed with personnel in the Bursar's Office. If a student is not satisfied with the resolution made by the Bursar's Office, a written appeal, on forms available in the Bursar's Office, can be made to the Director of Finance; his determination may be appealed to the Vice President of Business and Finance; and his determination may be appealed to the President of the University. Traffic fines are subject to a separate appeal procedure.

Credit by Examination or Placement Examination

The fee for taking an examination for credit is $15.00 minimum and an additional $5.00 for each credit hour over three; this fee must be paid prior to the examination. The same fee must be paid when an application for credit is made under the Credit by Placement Examination policy.

(5) CHANGING ENROLLMENT STATUS

Change of Course

After a student's registration is complete, he may change his class schedule by adding and/or dropping courses. APPLICATION FOR PERMISSION TO ADD OR DROP COURSES BEGINS WITH THE ACADEMIC ADVISOR. Time limits for add/drop are outlined in the semester calendar. A fee will be charged for each change of course application before it is processed. There is no charge for a change made as a result of the University cancelling a course.

Permission to add or drop a course after the deadlines shown in the calendar must be approved by the appropriate college dean.

Students who wish to discontinue attending and who are enrolled in one course only must withdraw, not drop the course.

Schedule conflicts — Each student is responsible for preventing conflicts in the scheduling of his classes. Students should check each class card which they are issued to insure that the course and section numbers, time and credit agree with what they requested. Students will be assessed a "change-of-course" fee if it is necessary to make changes because of a scheduling conflict or because of having the wrong class card. Students should be careful to check the schedule for course offerings that might have been changed. Up-to-date information may be obtained during registration.

The University does not guarantee that the instructor listed in the Schedule of Classes will be the one to teach the course, and no fees will be waived accordingly.

University policy prohibits the waiving of the change fee when a course section has closed and later reopened. The University reserves the right to cancel courses or sections.

Withdrawal Procedures

Students may withdraw from the University by contacting the appropriate University official. ID's must be turned in to be invalidated.

(1) Undergraduate Students — the Center for Student Development, Room 120, Scates Hall

(2) Evening/Saturday Students — the Dean, Evening Academic Services, Room 165, Administration Building

(3) Graduate Students — the Dean of Graduate Studies, Room 315, Administration Building

Time limits for withdrawals are stated in the Semester Calendar.

Change of College or Major

Undergraduate students in the Colleges of Arts and Sciences, Business Administration, Communication and Fine Arts, Education, Engineering, and the University College may change their college or major by completing an application at the designated office of the college for the new major. These offices are as follows:

Arts & Sciences
Dean's Office — MI 219
Business Administration
College Advisor — BO 426
Communication & Fine Arts
Dean's Office — MJ 300
Education
College Advisor — ED 211
Engineering
College Advisor — EN 259
University College
Dean's Office — JN G-1

Graduate students may change their major by making application in the Office of the Dean of Graduate Studies, Administration Building, Room 315.

Change of Advisor

Students may change advisor by making application to the college in which they are currently enrolled. After being assigned an advisor, the student should come immediately to the Records Office.

Change of Name, Address, or Social Security Number

It is imperative that the student keep his/her name and address current on University records. Opportunity for changing addresses is provided on the "Student Information Form" in the registration packet. In order to change social security number or name, the student must come to Room 119, Records Office, Administration Building. Students who move should leave a forwarding address with the post office so that all University mail will reach them at their new address.

IMPORTANT: All changes should be made early in the semester to insure their processing before the next semester.

GRADE REPORTS

A grade report showing the grade received, credit hours earned, and quality points earned, are mailed to the permanent address of each student at the end of the semester. The grade report will show cumulative hours attempted, hours earned, and grade point average.

Withholding of Grade Reports

The University is required by State law to withhold grade reports, transcripts, and diplomas from students who have outstanding financial obligations to the University. Previous semester grades which were withheld may be obtained (with the proper release card and identification) in the Packet Center or Late Registration Center, when these are open, and in the Records Office thereafter.

THE RECORDS OFFICE WILL NOT RELEASE ANY GRADE EXCEPT BY THE OFFICIAL COPY SENT BY MAIL. TO PROTECT THE CONFIDENTIAL NATURE OF THE STUDENT'S RECORD, NO GRADES WILL BE RELEASED BY TELEPHONE.

(The examination for a class meeting at 9:30 MWF may be given at the time scheduled for either a 9:05 MWF class or a 10:10 MWF class.)

ACADEMIC STATUS AND RETENTION

Official notification of academic status is by means of the grade report processed to each student at the end of the regular semester. A complete statement of the policy regarding academic status and retention may be found in the University *Bulletin*.

Specific questions concerning academic retention/suspension should be directed to the Evening Academic Services Office, Room 165, Administration Building, between the hours of 12:00 Noon - 8:00 p.m. Monday through Thursday, and 8:00 a.m. - 12:00 Noon on Saturdays.

ANNUAL PUBLICATION OF THE PRIVACY RIGHTS OF PARENTS & STUDENTS

Provisions for the release of information about students and the rights of students and others to have access to Memphis State University education records are as follows:

A. Release of Personally Identifiable Student **Education Records.**

Memphis State University shall not permit access to or release of any information in the **Education Records** which is specifically identifiable as referring to any student, other than Directory Information, without the written consent of the student to any party other than the following:

1. MSU officials and staff who have legitimate educational interests, including academic excellence, honor societies, and fraternities and sororities. Written requests from such officials or organizations shall be sent to the Records Office, and proper identification will be required.
2. Officials of other schools in which the student seeks admission, if the student has executed a release form to that institution. (At a later date a request for academic information from another institution of learning indicating the reason will be honored as a matter of inter-institutional courtesy.)
3. Appropriate persons in connection with a student's application for or receipt of financial aid.
4. Federal or State officials as defined in the regulations concerning this law.
5. State and local officials authorized by State statute adopted prior to November 19, 1974.
6. Organizations conducting studies for, or on behalf of, Memphis State University for the purpose of assisting in accomplishing the University's stated goals, and when such information will be used only by such organizations and subsequently destroyed when no longer needed for the intended purpose. The Dean of Admissions and Records or his designate must approve requests of this nature.
7. Accrediting organizations to carry out their functions.
8. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1954. (Note: Husband or wife cannot get records of his/her spouse regardless of dependency.)
9. In compliance with judicial order or subpoena after the University has made a reasonable effort to notify the student.
10. Appropriate persons in connection with an emergency if such knowledge is necessary to protect the health or safety of a student or other persons. Verification of the conditions involved will be fully documented.

Note:

All individuals and agencies who have requested or obtained access to a student's record (except as stated in A 1-7) will be noted in a record which is kept with each student's closed file. A request must be in writing stating the purpose of the request. This record will also indicate specifically the legitimate interest that the person or agency had in obtaining the information, and the information made available will be limited to that necessary to satisfy such demonstrable needs.

B. Definitions:

— **Educational Records.** "Educational Records" is defined as those records, files, documents, and other material which (1) contain information directly related to a student; and (2) are maintained by Memphis State University or by a person acting for the University. They do not

include: (1) personal notes; (2) records available only to law enforcement personnel; (3) employment records; (4) medical, psychological, and psychiatric records (these are accessible to the student's physician); (5) and records containing only information relating to a person after that person is no longer a student at the University. An example would be a record of accomplishments of an alumnus of the University.

— **Student.** A student is any person who is or has been enrolled at Memphis State University. Wherever "student" is used in reference to personal rights, an eligible parent of a dependent student has similar rights. This "eligible" parent is one who has satisfied Section 152 of the Internal Revenue Code of 1954, and who presents proof of such to the custodian. Normally, this will be notarized affirmation by the parent declaring that the student is a dependent for Federal Income Tax purposes.

— **Directory Information.** "Directory Information" is defined as: The student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous education agency or institution attended by the student, the student's full- or part-time status, and the student level. At the time a student registers for courses, the student may personally deliver to the Records Office a written request that directory information for that student may not be released. This notification is effective only for the one semester for which the student is then registering. Such information will then be withheld if the request is received within 14 days after the beginning of classes.

— **Access.** To have access to an "Educational Record" is to be allowed to see the original record. It implies the right to obtain copies of that record.

— **School Officials.** School officials are those University employees with general or specific responsibility for promoting the educational objectives of the University. Employees whose responsibilities place them within this category include: teachers; faculty advisors; admissions counselors; academic advisors; therapeutic counselors and vocational counselors; degree analysts; employment placement personnel; deans, department chairmen, directors, and other administrative officials responsible for some part of the academic enterprise or one of the supporting activities; administrative and faculty sponsors of officially recognized clubs, organizations, etc.; members, including student members, of committees appointed by the President; and clerical personnel employed to assist University officials in discharging professional responsibilities. Access by these officials is restricted where practical only to students for whom they have professional responsibility and only to that portion of the student record necessary for the discharge of assigned duties.

— **Legitimate Educational Interests.** Legitimate educational interests are defined as those interests which are essential to the general process of higher education prescribed by various legislative acts and the body of policy adopted by the governing board. Legitimate educational interests would include teaching, research, public service, and such directly supportive activities as academic advising, general counseling, therapeutic counseling, discipline, vocational counseling and job placement, financial assistance and advisement, medical services, and academic assistance activities.

In addition, the University officially recognizes appropriate co-curricular activities which are generally supportive of overall goals of the institution and contribute generally to the well-being of the entire student body and specifically to many individuals who participate in these activities. These activities include varsity and intramural sports, social fraternities and sororities, honorary and academic fraternities and sororities, departmental clubs, professional fraternities, special interest clubs, and student government.

C. Procedure for Gaining Access to **Educational Records.**
   — To gain access, the student must request the custodian to allow him to peruse the "Educational Record," which request will be granted within a reasonable period of time. The student may ask for an explanation and/or copy of his "Educational Record." Examination will be permitted under conditions which will prevent alteration or mutilation of the record. A student must present proper identification upon request. Documents submitted by or for the student in support of his application for admission or for transfer credit will not be returned to the student nor sent elsewhere.
   — If the student believes the "Record" content to be inaccurate, he may submit a request for amendment of his record. Normally such matters will be satisfactorily settled in the course of informal discussion with the student. When this is not the case, the request and the challenge must be presented in writing to the record custodian who will inform the student of his decision within 45 days and of his right to a hearing. The student may then submit a written request for a hearing to the Dean of Admissions and Records who will (1) appoint an Appeals Committee consisting of four "Record" custodians (none of whom is custodian of the "Record" in question), with one of the four designated as chairman, and (2) designate a time and place for the first meeting and inform the student of the same.
   — The Appeals Committee will convene with the student within 45 days from the date of the request, allowing the student, or his parents if the student is a dependent, to present relevant evidence. The student may be assisted or represented by counsel of his choice and at his own expense. A written decision based solely upon evidence presented at the hearing will be given the student within 45 days after the conclusion of the hearing, including a summary of the evidence and reasons for the decision and notification of his right to place a statement in the "Educational Record." Thereupon, the student may submit to the Committee a written explanation to be inserted into the "Record."

   Note: This procedure does not provide for a hearing to contest an academic grade.

D. Right of Access Does Not Include:
   1. Financial records of parents or any information therein.
   2. Confidential letters and statements of recommendation which were placed in the "Educational Records" prior to January 1, 1975.
   3. "Records" to which access has been waived by a student.

E. No University office receiving student information shall, and all agencies receiving student information will be advised not to, release the information to another party without the written consent of the student.

F. The University retains all rights to the student's academic record and may withhold transcripts of the record because of unfulfilled obligations to the University.

G. Eligible students and parents have the right to file a complaint with the Department of Health, Education, and Welfare concerning an alleged failure by the University to comply with the "Privacy Rights of Parents and Students" Act. Students may also file a complaint against the University in the office of the Dean of Admissions and Records. A copy of the Act may be read in the offices of the Associate Dean of Admissions and Records (Records), the Dean of Admissions and Records, or the University Council.

Q: Now that you've got all your classes (We hope!), how are you going to get across campus in time?

A: (Choose one:)
1) Fly.
2) Be late.
3) Take the Honda Express. See the Shopper's Guide and the ad on the opposite page.

Would you sign up for a lifetime course in applied Christianity?

Our course will take you deep into the Third World, to some of the most depressed and oppressed places on earth.

To God's Country.

As a Maryknoll Missioner, you can share the love of God with these, His people. You can bring them hope and peace and dignity.

You will practice some very practical Christianity, too. You might set up adult education classes, show a starving farmer how to improve his crop, or a struggling worker how to improve his lot. Most of all, you will share the Gospel of Jesus Christ.

You will learn and keep on learning the rest of your life. You will learn and share their language, of course. But also their culture, traditions and, yes, their religion. You will learn the quality of joy that can only come from doing unto others, because all the while you give yourself to their lives, they give meaning to yours.

The whole world loves a Rascal.

The Rascal from Suzuki

And why not? After all, rascals have more fun.

Especially Suzuki's new Rascal, the FZ-50.

Outfitted with an automatic 2-speed, the "shiftless" little devil is fun and easy to ride anywhere. Work, school, around town. Heck, it's a ball just to ride around the block.

Nice thing is, the fun lasts on this machine. Because it's built with all the workmanship that has made Suzuki the most reliable name in two-wheeled transportation. Suffice to say, it's a tough Rascal.

Loaded, too. Dependable reed valve engine. Oil-damped front and rear suspension for easy handling. Strong and stylish mag-type wheels. Wide 3" tires. Comfortable contoured seat. Handy front and rear carrier racks. Easy to operate front and rear brakes. Fuel gauge. And, of course, lights.

Oh yes, there are a couple of other little things you'll like. Its small price. And its tiny appetite for gas.

Remember too, there are over 1400 Suzuki Dealers around the country. Which means parts and service are just around the corner.

Now you know why everybody loves a Rascal.

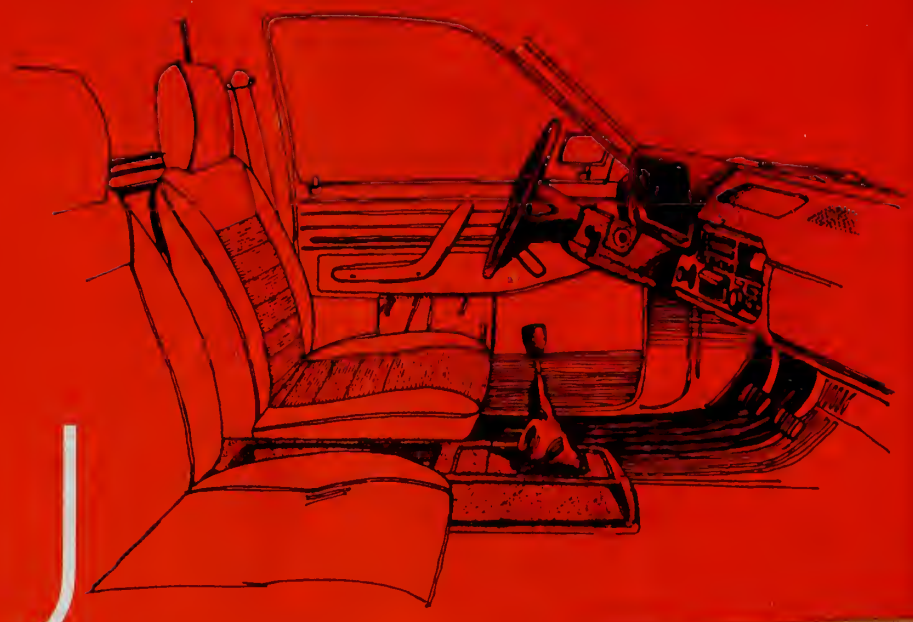
THE NEW TOYOTA TRUCK. IT COULD BE YOUR NEXT CAR.



YOU GOT IT.

©1976 Toyota Motor Sales, U.S.A., Inc.

The new Toyota SR-5 Long Bed. If you find yourself calling it your new car, don't be surprised. This new Toyota truck has an all-new interior that's so comfortable you'll swear you're in a car. New softer-riding torsion bar front suspension, too. The new Toyota SR-5. It's the truck that doesn't ride like a truck.

Car fun. This new Toyota truck may be the most fun car you've ever owned. It's powered by a gutsy 2.2 liter overhead cam engine. Shifted by a sporty 5-speed overdrive transmission. Rides on steel belted radial tires. And has great new styling.

Car comfort. More comfort, thanks to an interior that's more padded and upholstered than before. More sound-deadening insulation too. SR-5 Sport Trucks also include wall-to-wall carpeting, bucket seats, even an AM/FM radio as standard equipment.

Truck Tough. One thing that hasn't changed is the toughness. This new Toyota truck—one of six—is as reliable as ever. With fully transistorized ignition for surer starting. Power assisted front disc brakes for surer stopping. Extensive anti-corrosion protection. And a cargo bed seven feet long. The new Toyota SR-5 Long Bed. It's more than your next truck.

ADDENDA TO THE CATALOGS

GRADUATE AND UNDERGRADUATE ISSUE 1979-1980

MEMPHIS, TENNESSEE JULY, 1979

Memphis State University offers equal educational opportunity to all persons without regard to race, religion, sex, creed, color, national origin, or handicap. The University does not discriminate on these bases in the recruitment and admission of students, the recruitment and employment of faculty and staff, and the operation of any of its programs and activities, as specified by federal laws and regulations. The designated coordinator for University compliance with Section 504 of the Rehabilitation Act of 1973 is the Vice President for Student Educational Services.

The following policy changes, which became effective in the fall, and the following courses, were approved for inclusion in the offerings of the University after 1979-80 Catalog issue of the University *Bulletin* had been sent to the printer. Their publication here constitutes the official announcement of their addition to the University policies and curriculum.

FRESH START

A FRESH START allowing calculation of grade point average and credit hours toward graduation to be based only on work done after returning to college is provided for undergraduate students who have gained maturity through extended experience outside academe and have demonstrated better than average academic performance following their return. Requirements to be satisfied by a student requesting a FRESH START toward a baccalaureate degree:

1. Separation from academic institutions for at least seven (7) years.
2. After returning to college, completion of at least 36 semester hours course work before application for FRESH START.
3. GPA of at least 2.5 for all work completed after returning to college and at time of application.
4. Formal application to the dean of the student's college, requesting that a FRESH START be granted and describing an academic plan which may include declaration of a major.

Upon the approval of the college dean, the student will be granted a FRESH START. It may be granted once. The student's permanent record will remain a record of **all** work. The date of the FRESH START will coincide with the date of reentry following prolonged separation. The permanent record will note that a fresh start was made and the date of the fresh start. The record will also carry the notation "GPA and credit totals are based only on work subsequent to that date."

CORRECTION TO ENGLISH REQUIREMENTS

An error appears in the English requirements for graduation from the University on page 48 of the *1979-80 Undergraduate Bulletin.* **The last paragraph should read:**

Every student at Memphis State is required to demonstrate his proficiency in English by making a grade of C or better in English 1101 AND 1102 (or their equivalents).

THE COLLEGE OF ARTS AND SCIENCES

Attention is given to common elements of teaching methodology, utilization of appropriate driver and traffic safety education materials and resources and evaluative criteria. (Satisfactory-Unsatisfactory only.) *Students who have previously earned credit in SCED 4707/6707 may not repeat SAFE 4207 and earn credit.*

SAFETY 4335/6335. Driver and Traffic Safety Education I. (3)
Designed to present the basic knowledge and skills to deal with the problems of vehicular traffic. Defensive driving and driver improvement techniques will be stressed. Students desiring teacher certification must enroll concurrently in SAFE 4336 for one semester hour in order to complete laboratory requirements. (Students who have previously earned credit in SCED 3335 may not repeat SAFE 4335 and earn credit.)

SAFETY 4336/6336. Driver and Traffic Safety Education—Lab I. (1)
Laboratory experiences dealing with classroom and in-car instruction. Required for all students desiring certification in driver education. To be taken concurrently with SAFE 4335. Two hours each week TBA.

SAFETY 4337/6337. Driver and Traffic Safety Education II. (3)
Advanced driver and traffic safety educational activities. Included is a study of current research in accident causation and prevention. Students desiring teacher certification must enroll concurrently in SAFE 4338 for one semester hour in order to complete laboratory requirements. (Students who have previously earned credit in SCED 3336 may not repeat SAFE 4337 and earn credit.)

SAFETY 4338/6338. Driver and Traffic Safety Education—Lab II. (1)
Laboratory experiences dealing with classroom, in-car multivehicle range and simulation instruction. To be taken concurrently with SAFE 4337. Two hours each week TBA.

HOME ECONOMICS 2005. Introduction to Fashion Merchandising. (3)
An introduction to the types of enterprises, activities, operations, interrelationships, and practices.

HOME ECONOMICS 4304. Trends in Residential Furnishings. (3)
An analysis of the major trends and influences on contemporary residential furnishings as these affect home furnishings merchandising. **Prerequisite:** HMEC 3004.

HOME ECONOMICS 4405. Textiles. (3)
Selection, use and care of textiles related to properties of fibers, yarn structures, fabric construction, and finishes. Morphology and chemistry of fibers, finishes, dyes, fabric maintenance and procedure involved in fiber, yarn, and fabric identification.

HOME ECONOMICS 4802. Experimental Foods. (3)
Principles underlying the experimental approach to the study of the chemistry, composition, structure, and properties of foods with a demonstration of the effects of various ingredients in commonly prepared foods. **Prerequisites:** HMEC 2102, CHEM 1111.

SPECIAL EDUCATION AND REHABILITATION 4801. Workshop in Special Education and Rehabilitation. (1-9)
Opportunities are available for the professional in the fields of special education and rehabilitation to study intensively current methodologies, research, issues and trends in various areas of exceptionality and disability. May be repeated when the topic varies. (Satisfactory/Unsatisfactory only.)

THE HERFF COLLEGE OF ENGINEERING

CIVIL ENGINEERING 4171. Construction Engineering I. (3)
Planning, estimating, and bidding of heavy construction projects; development and use of scheduling algorithms for control of construction projects; linear programming and other optimization techniques and their application to resource allocation and bidding strategy. *Three lecture hours per week.* **Corequisite:** CIVL 3141.

CIVIL ENGINEERING 4172. Construction Engineering II. (3)
Continuation of *Construction Engineering I*; selection of equipment for heavy construction projects; cost analysis, productivity, procedures and safety aspects of construction operations; emphasis on heavy construction project synthesis. *Two lecture, three laboratory hours per week.* **Prerequisite:** CIVL 4171.

CIVIL ENGINEERING 4173. Construction Contracts and Specifications. (3)
Principles of contract law as applied to heavy construction engineering; legal problems in preparing and administering construction contracts; varieties of construction contracts; specification organization and interpretation; engineer-client relationships. *Three lecture hours per week.* **Prerequisite:** Consent of instructor.

CIVIL ENGINEERING 4174. Quality Control in Heavy Construction. (3)
Development of quality control systems for the heavy construction industry; quantitative and statistical techniques for establishing contract compliance; quality assurance sampling, testing, and additional construction control techniques. *Three lecture hours per week.* **Prerequisite:** Consent of instructor.

MECHANICAL ENGINEERING 3305. Mechanical Instrumentation and Measurement. (3)
Accuracy, precision and statistical consideration of measurement data; dynamics of measurement; displacement, velocity acceleration, force, torque, pressure and temperature measurement; mechanical impedance; measurement of fluids and instrumentation systems. Lectures supplemented with laboratory demonstrations. **Prerequisite:** MECH 2332.

MECHANICAL ENGINEERING 4301. Fluid Machinery and Energy Use for Non-Engineers. (3)
Discussions of fluid machinery and energy exchange on an elementary level. Lectures will be supplemented with laboratory demonstrations. Understanding of algebra is required. Credit will not be allowed for students in Engineering and Engineering Technology.

ENGINEERING TECHNOLOGY 2411. Introduction to Instrumentation. (3)
Study of basic mechanical and electrical instruments used in the measurement of temperature, pressure, flow level. *Two lecture, three laboratory hours per week.* **Prerequisites:** TECH 1411, 1811 and MATH 1213.

ENGINEERING TECHNOLOGY 3601. Light Frame Building Construction. (3)
A study of the practices of contemporary light frame building construction, with emphasis given to building materials and systems.

ENGINEERING TECHNOLOGY 3611. Industrial Wood Processing. (3)
Lecture and related laboratory activities employed to study wood product mass production with emphasis given to wood product design, process engineering, wood related materials, wood substitutes, and industrial finishing materials and systems. *Two lecture, three laboratory hours per week.* **Prerequisite:** TECH 1611.

ENGINEERING TECHNOLOGY 3631. Wood Technology. (3)
Lecture and related laboratory activities are employed to study the anatomy, characteristics, and properties of wood. Other course topics include the cause of wood defects and deterioration and wood identification. *Two lecture, two laboratory hours per week.*

ENGINEERING TECHNOLOGY 4661. Advanced Wood Technology. (3)
Lecture and related laboratory activities are employed to study the topics of wood preservation technology, wood drying technology, and pulp and paper technology. **Prerequisite:** TECH 3631.

ENGINEERING TECHNOLOGY 4462. Statistical Quality Control. (3)

Statistical principles and techniques used in the analysis of quality assurance problems. Specific topics include probability concepts, frequency distributions, control charts for the mean, range, standard deviation, fraction defective and defects per unit and sampling inspection plans.

ENGINEERING TECHNOLOGY 4472. Computer Aided Design and Manufacturing. (3)

The current state of the art regarding the use of computers for product and part design and part manufacture and assembly. Topics covered include software and hardward used in CAD-CAM, current trends in the automated factory, group technology and robotics.

ENGINEERING TECHNOLOGY 4835. Microprocessor Interfacing Techniques. (4)

Application of microprocessors to equipment with particular emphasis on interface problems. Techniques employing conventional logic devices as well as LSI component are taught. Testing and maintenance techniques of equipment using microprocessor based design. *Three lecture, three laboratory hours per week.* **Prerequisite:** TECH 4834.

ENGINEERING TECHNOLOGY 4951. Fire Safety. (3)

Study of the causes of fire, organization of fire brigades, methods of fire suppression and protection of property.

ENGINEERING TECHNOLOGY 4952. Chemical Safety. (3)

Study of chemical hazards to the worker and environment and methods for control.

THE UNIVERSITY COLLEGE

UNIVERSITY 3502. Thematic Studies. (6) Women in American Society.

This course will integrate the insights gained from literature and drama and psychological and sociological research in order to gain an understanding of the position of women in today's society. Among the topics to be considered will be female physiology and sexuality, the nature of roles and stereotypes, women's use of certain literary genres, institutional settings as they affect women, and the feminist movement in America.

UNIVERSITY 3505. Thematic Studies. (6) Rock Culture from Memphis to Mainstream.

This course will be a survey of rock music and associated phenomena as expressions of significant cultural change over the last quarter century. Rock music, in its several varieties, has become the principal medium for creative expression among young Americans and the dominant popular music for Americans of all ages. Both in national and worldwide terms, it is perhaps the single most influential instrument of mass communications, and it has replaced Hollywood as an all-pervasive imaginative force. The careful study of the early growth and development of this music can provide many insights into the values and standards of America during a period of intense internal struggle and rapid technological change.

SPECIAL PROGRAMS

AUDIOLOGY 4100. Audiology. (3)

Directed toward undergraduate students from disciplines other than communication disorders. Topics will include the nature of sound, structure and function of the human auditory system, disorders of hearing, measurement of hearing and loss, hearing conservation, and aural rehabilitation.

AUDIOLOGY 4200. Speech Pathology. (3)

Study of communication disorders with special reference to those encountered by educators and others in the population 0-21. Observation and discussion of classroom management, roles of various specialists, and parent conferencing.

UNIVERSITY HONORS PROGRAM 3100-3199. Junior Honors Colloquium I. (3)

Interdisciplinary colloquium centering around a broad theme or topic. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes.

UNIVERSITY HONORS PROGRAM 3102. The Southern Experience. (3)

This course will explore the unique contributions of Southerners, both black and white, to American culture, integrating literature, music, and history. In addition to discussions, lectures, and films, it will utilize the richness of community resources through field trips and guest speakers. **Prerequisite:** Junior standing and permission of the Director of the University Honors Program.

UNIVERSITY HONORS PROGRAM 4100-4199. Senior Honors Seminar I. (3)

Interdisciplinary seminar on a somewhat narrower theme or topic than the ones used in the junior honors colloquia. Specific course descriptions will appear each semester in the "Addenda" section of the Schedule of Classes. **Prerequisite:** Senior standing and permission of the Director of the University Honors Program.

UNIVERSITY HONORS PROGRAM 4102. Communication, Culture and Crisis. (3)

This seminar will focus on the analysis of the communication processes at work in critical situations which are affected by cultural patterns of thought and behavior. The role of the media will be analyzed and special attention given to geographical areas which are considered "crisis spots." **Prerequisite:** Senior standing and permission of the Director of the University Honors Program.

THE HERFF COLLEGE OF ENGINEERING

VOCATIONAL TECHNICAL EDUCATION COURSES

VOCATIONAL TECHNICAL EDUCATION 1011. Intro Voc-Tech Ed. (3)
In-class and field observations of vocational-technical education programs in secondary and post-secondary schools. Career options for teachers and students of such programs.

VOCATIONAL TECHNICAL EDUCATION 3010. Occupational Intern. (6)
A cooperative work experience program for persons having neither a saleable skill nor work experience adequate to meet certification requirements.

VOCATIONAL TECHNICAL EDUCATION 3020. Manip Skill Occ Spec. (3-15)
Credit will be determined by a performance evaluation by the department granting the degree or acceptance of a nationally administered evaluation program.

VOCATIONAL TECHNICAL EDUCATION 3030. Knowledge of Occ Spec. (3-15)
Credit will be determined by a performance evaluation by the department granting the degree or acceptance of a nationally administered evaluation program.

VOCATIONAL TECHNICAL EDUCATION 3301. Analysis Teaching. (3)
Micro-Teaching demonstrations plus observation and evaluation by a teacher educator. **Prerequisite:** Three years of satisfactory teaching experience in the Vocational-Technical subject specialty.

VOCATIONAL TECHNICAL EDUCATION 4110. Job Analysis. (3)
A systems approach to identifying and specifying content in vocational-technical education, the components of an instructional system, identification of student needs and abilities, job descriptions, job analysis, and instructional objectives.

VOCATIONAL TECHNICAL EDUCATION 4120. Curriculum Voc-Tech Ed. (3)
Basic techniques in curriculum planning in vocational-technical education including the planning of a learning sequence, preparing learning sequence, preparing learning activities, selecting and preparing learning resources and evaluating student performance.

VOCATIONAL TECHNICAL EDUCATION 4130. Student Clubs/Adv Comm. (3)
This course will emphasize the philosophy and rationale for use of vocational student clubs (VICA) and craft advisory committees; their selection, organization, implementation, and utilization.

VOCATIONAL TECHNICAL EDUCATION 4210. Meth Tchg Voc-Tech Subj. (3)
This course is designed to provide students with understandings and skills required for individualizing instruction in shop and related subjects.

VOCATIONAL TECHNICAL EDUCATION 4220. Voc-Tech Instruct Mat. (3)
Selection, use, and construction of audiovisual materials for vocational-technical education. Emphasis will be placed on the integration of these materials into the total instructional system.

VOCATIONAL TECHNICAL EDUCATION 4781. Seminar: Voc-Tech Ed. (1-9)
Workshops and conferences dealing with instructional and operational problems in vocational-technical education.

VOCATIONAL TECHNICAL EDUCATION 4841. Student Teaching. (9)
In-school experience under the supervision of a qualified instructor of the vocational-technical subject in which the student is specializing.

VOCATIONAL TECHNICAL EDUCATION 4850. Problems Voc-Tech Ed. (1-3)
Independent study and completion of a term paper dealing with a current curriculum problem in vocational-technical education.

VOCATIONAL TECHNICAL EDUCATION 4860. Curric Prob Voc-Tech Ed. (1-3)
Independent study and completion of a term paper dealing with a current operational problem in vocational-technical education.

VOCATIONAL TECHNICAL EDUCATION 4911-19. Experience Voc-Tech Ed. (1-9)
Advanced training in industry for instructors desiring to update their skills or to add other skills related to their occupational specialty.

VOCATIONAL TECHNICAL EDUCATION 4930. Conf Leader Voc-Tech Ed. (3)
Techniques and strategies used to direct small group conferences in education or industry toward specified goals through discussion and interaction.

Easy come. Easy go. Easy to start. And very smart!

In case you haven't caught on yet, Honda's making it hard for you not to love the amazing little Honda Express.™

Its genius is its simplicity. No pedals to push. No gears to shift. And it starts with a quick turn of the key, tap of the foot and squeeze of the lever.

Zip to school, stop and shop, scoot to work, run on down to where you do your running — the Honda Express delivers you in style.

At only pennies a mile.

As you can see, the Honda Express expresses itself with two distinct personalities for 1979. The snappy, popular standard Express. The rakishly styled Express™II with its new comfort-contoured saddle.

Any way you go, with up to 100 miles to the gallon and no major service for a year or a thousand miles, is there a cheaper motorized way of going? Or a smarter way?

If it all sounds too good to be true, remember this: Honda's always made the incredible look easy.

And now for the kicker. There's another nice feature on the Honda Express—its price. Just see your nearby Honda motorcycle dealer and discover how easy it is to buy.

C'mon America, get on the Honda Express.

Always wear a helmet and eye protection when riding. Check local laws. Operator's license required. Baskets available as an option. Not available in Wa. Designed for operator use only.

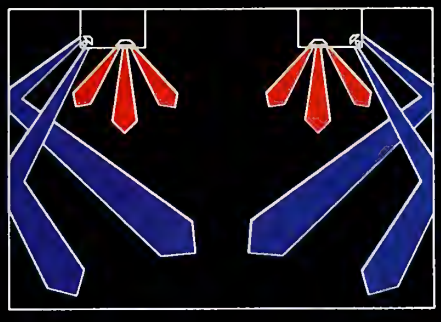
Bose® presents the most exciting bookshelf speaker since the Model 301.

e new Model 301. With an improved tweeter that took three years perfect. An innovative Dual Frequency Crossover™ network that ivers smoother midrange response. A unique tweeter protection cuit that virtually eliminates tweeter burnout. And a subtle exterior dification that makes the Model 301 more gant than ever.

even with changes, the Model 301 retains conventional personality.

, after all, a Bose Direct/Reflecting® loud-eaker system. Which means it utilizes a care-y produced balance of reflected and direct und to give you the spatial realism of a live rformance. From nearly every location in ur listening room, you hear accurate stereo ance. Accurate location of each instrument, ch note. Clearly, precisely. And with a full-ss and richness you may have thought impossible from such a compact enclosure.



As a matter of fact, the Model 301 delivers a level of performance which simply astounds first-time listeners.

It could happen to you. Ask your Bose dealer to demonstrate the Model 301 against any bookshelf speaker, regardless of price.

Then ask him to demonstrate the Model 301 against even much larger speakers. In each case, you will hear an open, spacious sound that expands the confines of your listening room. Suddenly, you are in a larger, more open space, listening to music as if you were hearing it for the first time.

No other bookshelf speaker even approaches the spatial realism of the new Model 301. See your Bose dealer for a demonstration and hear what we mean.

Introducing the home stereo receivers for your car.

Individual Bass & Treble Controls.

Power Amplifier.
Separate power amp installs in trunk. Provides up to 60 watts of Total System Power.

Bi-Amplification.
Divides and sends correct frequencies and power levels to respective drivers through four separate amps (two for highs and two for lows).

Loudness.
Recaptures all the bass that can disappear at low volume levels.

Dolby®* Noise Reduction.
Processes out tape hiss on Dolby-encoded tapes; improves dynamic range of Dolby-encoded FM broadcasts.

Muting.
Eliminates inter-station noise when changing stations.

The Jensen Car Stereo Receivers.

At long last...Jensen introduces the Stereo Receiver for your car. Indash.

A series of six stereo receivers: Three with cassette. Three with eight-track. All featuring incredible wide range tape reproduction and monitor quality FM broadcasts with superior sensitivity and pinpoint selectivity.

At the very heart of Jensen's Car Stereo Receivers can be found four independent, direct coupled amplifier sections—two for each channel. Several models even boast the electronic sophistication of bi-amplification which minimizes distortion and increases peak power levels.

Feather-touch electronic switching puts the receiver through its paces: Dolby Noise Reduction System, Loudness Compensation, Switchable Interstation Muting, Tuner On/Off and Local/Distant reception.

These are some of the features that have created a distinct new category: Car Stereo Receivers. The same features and quality that have earned these receivers the Jensen name.
